10th November 2017

RE: STATUS OF RALLIES IN NAMIBIA FOR 2018

- 1) Rallies in 2018 will carry a "National Status" and not a "National Championship" status.
- 2) If a club applies for only one date, such event will be a "National Status" event, meaning open to all participants and similarly cross border participation.
- 3) Should a club wish to have a club event (closed or otherwise) such club will have to apply for 2 or more dates. 1(one) - closed (should they wish) and another open. Should that open event be considered for cross border participation such event will have to carry "National Status".
