INVITE: 2018 SHELL V-POWER CATTLE COUNTRY RALLY – 7 & 8 SEPT 2018

The Redline Motor Club hereby cordially invites you to participate in the 2018 SHELL V-POWER CATTLE COUNTRY RALLY on 7 & 8 September 2018 in Gobabis, Namibia.

The event will extend over two days starting on Friday with two stages before sunset and the very popular night stage on tar in the middle of town. The rest of the competition will be on Saturday. A total of eleven Special Stages will be run over about 130 km during the two days with about 110 km of liaison sections.

Apart from the fact that Gobabis and surrounds already proved to provide the best Rally roads in the country the spectator support is arguably the best found anywhere in the country at any sporting event. With the very able TV crew, as experienced with last year's event, already booked to screen an hour program on Ignition (Program 189 on DSTV) competitors and spectators can be sure that they will get extra mileage out of this event.

Attached please find the SR's and Entry Form to confirm your participation. All foreign competitors holding a valid competition license must obtain a release letter from their local ASN to allow participation in this event. Competitors without a competition license will compete with NMSF Day License. We will again give full support and obtain authorization in advance from our local Customs Department.

For further information please contact the following:
