GENERAL COMPETITION RULES

The following GCR's shall be amended as follows:

Add:

- 63.iii) **“SOCIAL COMPETITION/EVENT”** means a non-National championship event with the purpose of social awareness and/or upliftment or with any social element attached to it inscribed as such on the NMSF National Sporting Calendar open to any holder of a licence appropriate to the event. - **Inserted**

127. LICENCES ISSUED BY NMSF

- i) international, national and club licences for drivers and co-drivers/navigation;
- ii) Entrants' licenses;
- iii) Officials' licenses;
- iv) One event / Day licenses.

~~There shall only be 3 Day licences issued per competitor per code per year. A competitor can take out as many day licences as he/she wants during the year. That means that after a competitor has competed in 3 events under a day licence, and should a competitor wish to compete in a fourth event, such a competitor shall have to apply for a National Licence in order to compete in said event.~~

Licenses shall be in the form chosen by NMSF. They apply to a specific status and category of sporting event **i.e. competitors not having a national licence will have to take up a day licence to compete in a National, Club or Social event. Competitors holding day licences shall not score points towards a national event.** Unless being of international status, they will be restricted to use in the territory of NMSF and will not be valid for international events.

130. VALIDITY OF LICENCE

- vii) A day licence issued by NMSF shall make the holder eligible to enter or drive in (as the case may be) national ~~and~~-club **and social** competitions, but will not be eligible to score any points for national championships events. - **inserted**
